

EXISTING SPORTSENGINE ACCOUNT HOLDERS

<https://memberships.sportsengine.com/org/bayou-regional-volleyball-association/affiliation/red-storm-volleyball>

Step 1: Get the Registration Link

The organization that you are registering with should either send you a link to their registration session or provide that information somewhere on their SportsEngine website.

Helpful Tip! If you don't have the registration link and you are having trouble finding it on your organization's website, please reach out to someone at that organization so they can help you locate it.

Step 2: Complete the Online Registration Form

1. [Sign in](#) to your SportsEngine account, or [create a new SportsEngine account](#) if you don't have one already.
2. Select an [athlete profile](#) to register or select **Register a New Athlete** if you don't see that profile listed.
 - **NOTE:** If you don't see the option to Register a New Athlete, the registration is set up to register adults and you will need to reach out to your organization so they can make that adjustment on the registration session.
3. Enter all required fields on the Registration session.
4. Submit payment (if required).
5. Click **Complete Registration**.
 - After completing the registration, you will receive an email confirmation and receipt.

NOTE: To register another athlete profile, click **Register Another Athlete** on the review page of the registration.
